Following requests that Fairway Crescent also be included, the contractor has transferred crews from other jobs in order to expand the scope of re-surfacing works in Newton and hence these will take place over a slightly longer period than originally anticipated. We understand that letters will be sent to impacted residents ahead of the works so please contact Via East Midlands using the contact details for enquiries above if you need further clarification.

Councillors appreciate that there will be some disruption during the works but are assured that access will be maintained. We trust that Newton residents and other road users will remain patient during the works with the end result of a long-awaited, newly re-surfaced road firmly in sight.

With kind regards
